HELP FOR WORKING WOMEN

Some Have to Keep on Until They Almost Drop. How Mrs. Conley Got Help.

Here is a letter from a woman who had to work, but was too weak and suffered too much to continue. How she regained health:—

Frankfort, Ky.—"I suffered so much with female weakness that I could not do my own work, had to hire it done. I heard so much about Lydia E. Pinkham's Vegetable Compound that I tried it. I took three bottles and I found it to be all you claim. Now I feel as well as ever I did and am able to do all my own work again. I recommend it to any woman suffering from female weakness. You may publish my letter if you wish."—Mrs. JAMES CONLEY, 516 St. Clair St., Frankfort, Ky.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice—it will be confidential.

"I would not take One Thousand dollars for what this wonderful Tanlac medicine has done for me," said Mrs. Mattie Lutes of Lexington, Ky. Rhea Drug Co.

Last Saturday was a regular bumper of a business day in Somerville. The town was full of people from early till late, all had money and they were spending it at local stores.

The new Oliver garage building on the corner of East street and Market street is rapidly being pushed to completion. The walls will be completed when this issue of the Falcon reaches the public and the material for the roof being already on the ground it will take but a few days to put the roof on.

The Halloween party given last Friday night by the ladies of the Presbyterian church at the high school building was a most happy affair. There was a large crowd present and with the spooks and goblins everywhere there was fun for every guest. By those present it is counted as a perfect success.

The extensive repairs and remodeling of the residence of W. M. Mayo on South Main street are progressing nicely. The exterior work now nearing completion. Many are inquiring about a remedy for sorehead in poultry during the past week and we repeat the following which has been used here for years.

Mix one ounce carbolated vasiline with ten grains yellow oxide of mercury and grease comb, face and wattles thoroly, repeat in five days. Put enough permanganate of potash in their drinking water to make it cherry color and allow no other drink. Lard and sulphur mixed and thoroly rubbed on heads will affect many cures.

Last Tuesday, the last day of October, was Halloween and the boys had their usual good time that night assisting the goblins to remove gates from the hinges, open gates and turn the stock out, soap the show windows about the square and other such maneuvers as these, but as far as The Falcon has heard the amusement was of a harmless nature and not characterized by any such wanton destruction as has been the case in some of the past years.

Hon. Hubert Fisher nominee for congress was in this county a few days this week and was among the number of democrats who spoke at several points in this county during the week in the interest of the democratic ticket to be voted for next Tuesday, November 7. These speakings have been for the purpose of getting voters to come to the polls on Tuesday and cast their votes and at most places thruout the county speakers tell us they have had fairly good crowds of democrats to hear them.

Catarrah Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrah deafness, and that is by a constitutional remedy. Catarrh Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Halls' Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrh Deafness that cannot be cured by Halls' Catarrh Medicine. Circulars free. All Druggists, 75c.

The remodeling of the livery barn at the northeast corner of the public square in Somerville is nearing completion and the building is showing just what it will look like when completed. Several weeks ago the owner, Dr. C. W. Robertson, announced his first intention of converting the building into a first class moving picture auditorium and began at once to carry out his plans. With as little delay as possible material was assembled and the work has been pushed. The finishing touches only, remain to be added and the movie auditorium will be ready for use and will be one of the neatest and prettiest of its kind in West Tennessee, not barring those in the larger towns.

Local democrats have been speaking each night during the present week at numerous points thruout this county in an effort to interest the members of their party to go to the polls on next Tuesday and cast their votes for democratic nominees. The speakers report fair sized audiences at most of these points and believe that the whirlwind

campaign is doing good. The danger to the ticket in Tennessee is not in opposition to it but in the inactivity of local leaders thruout the state and the voters themselves. The party is united sufficiently but elections have been too numerous and the people have tired of voting. But this is a crucial time and in Fayette county particularly every democrat ought to vote next Tuesday.

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.
